1336 Wilson, Jasper
This Quality Built home.....has been remodeled and updated and is ready for your inspection. The kitchen has been redesigned and completely remodeled with all wood custom made cabinetry. The granite surface on the island blends with the new counter tops in a kitchen that features all new appliances and plumbing. The master bedroom has 2 large closets and a private ceramic bath. The 2331 sq. ft. make this home feel roomy and the large windows let in lots of light. The utility room is on the main floor and exits to the large patio on the east side of the home. Has a 22' by 32' carport. New furnace & central air in 2015. Four bedrooms, 3 full baths, a full mostly finished basement, 2 fireplaces, a private office, clear Birdseye Maple hardwood trim, outside bar on patio, good shade trees and a sprinkler system for the lawn complete your wish list. Call for your private showing. MLS#201836876
